Please try and phone before 10.00 am on 0114 267 1280 so that the doctors can plan visits for the day.

Appointments:

- Doctor's appointments are booked at 10 minute intervals.
- All our appointments are bookable, up to 1 month in advance. Our telephone on call times will run between 8.15 am to 12.30 am and 2.30 pm – 6.00 pm each day. Please leave your name, contact number and brief details of the problem with the receptionist and a GP or Nurse Practitioner will call you back that morning/afternoon.
- If you wish to book ahead to see a particular doctor for a non urgent problem then you may sometimes have to wait longer for an appointment as none of the doctors work every day.
- If you have a number of issues to discuss with the Doctor then it may not be possible to address all of these in 10 minutes. It is possible to book a longer appointment if necessary. For gynaecological examinations please request a 20 minute appointment.
- Please let us know in good time if you have to cancel an appointment so that there is an opportunity for someone else to be seen.
- The Crookes Practice is a Group Practice. You may ask to see any of our doctors, not just the doctor whose name appears on your NHS card. We do however encourage you to try and see the same doctor for the same problem as this helps us to offer you good care.
- Please cancel appointments as soon as possible if you no longer need them so that they can be offered to other patients.

If you have not been seen at the surgery for 3 years (or 1 year for those over 75) you can request a check up appointment if you wish.
